E-mail: _____

Application Description

Equipment: Standard Winch
 Custom-Made Winch
 Winch Component

Application: Lifting Pulling Dual (Lifting & Pulling)
Capacity: _____ metric Ton kg lb
Travel Distance: _____ meters ft
Speed: _____ m/min ft/min
Classification: _____ ISO FEM
Duty Cycle: _____ %

Electric Power Supply: Frequency _____ 50 Hz 60 Hz
Phase _____ 1 Phase 3 Phase
Voltage _____ VAC

Control Type: Remote Control Low Voltage Control
 Customer Supplied

Control Distance from Equipment: _____ meter ft

Wire Rope (Electric Winch)

Diameter: _____ mm inch
Length: _____ meter ft
Type: Stainless Steel Galvanized
 Factory Spooled Customer Supplied
Construction Requirements: _____

Application or Hoist Suspension Notes:
